

ACCP ACCREDITATION STATEMENT

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the American College of Chest Physicians and the Chicago Asthma Consortium. The American College of Chest Physicians is accredited by the ACCME to provide continuing medical education for physicians.

ACCP CME CREDITS

The American College of Chest Physicians designates this educational activity for a maximum of *3.0 AMA PRA Category 1 Credit(s)*TM. Physicians should only claim credit commensurate with the extent of their participation in the activity.

ACCP STANDARDS RELATED TO CONFLICT OF INTEREST

The ACCP remains strongly committed to providing the best available evidence-based clinical information to participants of this educational activity and requires an open disclosure of any potential conflict of interest identified by ACCP faculty members. It is not the intent of the ACCP to eliminate all situations of potential conflict of interest, but rather to enable those who are working with the ACCP to recognize situations that may be subject to question by others. All disclosed conflicts of interest are reviewed by the educational activity course director/chair, the ACCP Continuing Education Committee, or the Conflict of Interest Review Committee to ensure that such situations are properly evaluated and, if necessary, resolved. The ACCP educational standards pertaining to conflict of interest are intended to maintain the professional autonomy of the clinical experts inherent in promoting a balanced presentation of science. Through the ACCP review process, all ACCP CME activities are ensured of independent, objective, and scientifically balanced presentations of information. Disclosure of any or no relationships will be made available on-site during all educational activities.
